

## How to find HydroCo's Offices

From the A27, leave via the Havant Junction and head south towards Hayling Island along the A3023. You will pass through the village of Langstone, before reaching the bridge which links Hayling with the mainland. After crossing the bridge, take the first left along Northney Road, just before the petrol station. Northney Road will lead you along the northern edge of Hayling Island, following the coastline until you reach a sharp right hand turn. At this bend, turn left into what appears to be the entrance to the Langstone Hotel. Keep driving past the hotel, and through the barrier into the Marina complex. HydroCo's office is to be found in the large building to the right of the marina entrance on the first floor. Please use the ample parking around the base of the office; our main entrance can be found at the rear of the building.

HydroCo Ltd  
Northney Marina  
Hayling Island
